

# International Conference on Particles And Nuclei (PANIC08)

Contribution ID : 344

## Search for Beyond the Standard Model Phenomena in Flavour Changing Neutral Currents in B-mesons and Top Quark Decays with the ATLAS Detector

Monday 10 Nov 2008 at 17:10 (00h15')

**Primary authors :**

**Co-authors :**

**Presenter :** KAJOMOVITZ, Enrique (Technion, Haifa)

**Session classification :** Parallel II: Heavy flavor, CP violation and rare decays

**Track classification :** --not yet classified--

**Type :** --not specified--
